- ☐ Cloud Computing
- ☐ Front- End Web-Development
- ☐ Network Analyst

## WORK EXPERIENCE

### System Integration Specialist

Optimus Xpress | [Optimuxpress.org](http://Optimuxpress.org) — | 09/2018 - 10/2019

I joined Optimus Xpress through web development contract and then worked as a lead technician of their online business platform in China for imports and exports

### (Distribution) Network Development Intern

Wuhan ZD Information & Technology Co, Ltd 06/2018—08/2018

I was on a summer camp internship programme in Wuhan, China. I assisted the Senior Network Engineer with the planning and design of projects.

### Office Assistant

Zhejiang University of Science and Technology | 12/2016 - 02/2017

My work included research on international student's recruitment statistics and content creation, management of IES website and other social media accounts

### IT Technician (Entry-Level)

Perendale Systems | 11/2013 - 08/2015

I worked on conducting daily network backup operations, Interconnecting workstations, terminals and existing data networks, upgrading systems to enable compatible software

## LEADERSHIP & INVOLVEMENT

### Associate Member

ICITP | 06/2019

I am an associate member of Institute of Chartered Information Technology Professionals SA

### Team Leader

Internet Plus | [cy.ncss.cn/en/](http://cy.ncss.cn/en/) | 05/2018

Participated in the 5<sup>th</sup> China College Students Innovation and Entrepreneurship Competition. My Team won 2<sup>nd</sup> Place on campus level and 3<sup>rd</sup> in the Provincials

### Vice President

Zhejiang University of Science and Technology | 07/2018-07/2019

I was an elected leader for International students Union for my final year at ZUST. My duty as the vice president was to assist the president and other union ministers in completing their tasks. It was also my duty to effectively contribute to the union's operations.

### Minister of News and Publicity

Zhejiang University of Science and Technology | 07/2017 - 07/2018

I was elected to be part of the International Students Union where my duties were to promote effective communications between the students and the International Students' Affairs Center

## PROJECTS

### Design and Implementation of Travel Tour Booking System

B.Sc. Final Year Project | 2019

I developed a web-based platform where customers can buy tickets and tour organizers can advertise their travel tours using php Laravel framework, CSS, JS and VUE. More details can be provided upon request

### Online Shopping Cart

Engineering and Technical Internship 3<sup>rd</sup> Year | 11/2018

I developed web-based application using server-side technology JSP (JavaServerPages), Tomcat, where customers can buy items and many other functionalities such as add, remove, update, search, checkout as well as integrated payment gateway. During this period. An effort was made to understand E-commerce platforms
